<https://learnenglishkids.britishcouncil.org/es/games/alphabet-antics>

In this funny game students will play with the alphabet. They can repeat the consonant or vowel in each turn to reinforce their spelling.

Tips:

- Some of these exercises can seem difficult at the beginning but remember: **with patience and effort, will be possible.**
- Ask the kids to repeat every time they listen to the audios or every time you read; this helps them to associate what they see with the sounds.
- These are basic topics we will work along the year, all of them are based on their level, age and skills.
