COLOMBIA IN THE WORLD

THROUGHLINES:

What are the main physical and economical characteristics of Colombia as a country?
 How is the political division of Colombia?
 Which are the differences among the sectors of the economy?
 Which are the main products produced in each Natural region of Colombia?

GENERATIVE TOPIC

UNDERSTANDING GOALS:

The student will identify the departments, its capitals and the Natural Regions in Colombia in order to relate them with the economic situation in each region by using the Colombian map.	The student will differentiate the sectors of the economy by analysing the characteristics and the main products produced in each sector of the economy throughout the comparative charts.
